# GREEN POWER MARKETING IN THE UNITED STATES: A STATUS REPORT (2008 DATA)

Bibliogov, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Voluntary consumer decisions to buy electricity supplied from renewable energy sources represent a powerful market support mechanism for renewable energy development. In the early 1990s, a small number of U.S. utilities began offering green power options to their customers. Since then, these products have become more prevalent, both from traditional utilities and from renewable energy marketers operating in...

## Reviews

---

*I actually started off looking over this publication. It is written in easy terms instead of difficult to understand. You are going to like the way the writer writes this ebook.*

-- **Anabel Nienow II**

*An extremely wonderful pdf with perfect and lucid information. Better than never, though I am quite late in starting to read this one. I realized this publication from my dad and I recommended this publication to understand.*
