RISK ASSESSMENT AND MANAGEMENT IN THE NETWORKED ECONOMY

Springer-Verlag Gmbh Aug 2012, 2012. Buch. Book Condition: Neu. 247x163x23 mm. Neuware - Risk and reward are always foremost in the determination of investment decisions and business transactions. Advances in the area of Information Communication Technologies (ICT) have enabled the development of new business paradigms. Such paradigms involve transactions taking place between loosely connected parties, often totally or partially unknown to one another. One important concept required to ensure such transactions are successful is transactional risk. The importance of doing...
