When I first started in network marketing, I was grasping at straws. A stay-at-home mom with an income of under 25K, I didn't have a clue as to what I was doing. After trying many different approaches, lots of rejection and making a ton of what I would describe as mistakes, I decided to study very closely what the successful people before me did. Herein lies the system that applied, will lead you towards your dreams. It just takes action, discipline, patience, and openness to learning and an underlying philosophy of never giving up. Does a baby give up when he doesn't walk the first time? He doesn't know the meaning of failure, because he is already programmed for success as are we! One doesn't need to be remarkable, talented, privileged, or special in any way. One just has to do the thing. Network marketing is a remarkable opportunity that will work for everyone that applies the system. I am living proof, and you can do it too! This item ships from La Vergne, TN. Paperback.
