Owing to unfavourable influences the West required far longer time for the attainment of this end than did Byzantium or the Islamic nations. Occidental medical art, which had shown signs of deterioration and decadence even in the later centuries of Imperial Rome, dragged out its existence through more than five hundred years of the Middle Ages before manifesting any tendency towards emancipation from the bondage of this intellectual stagnation; it attained to the dignity of a science only at that later epoch when the pre-eminence of the Arabs had begun to fail. In order to bring the degradation of...
