*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book embraces expressions of a decade of evolution, of great change in the life of a human being. Incredible strength was, is needed. To start this walk was, is the greatest challenge and to step onto it took, takes great effort. So, in the midst of this war, thankfully effort was, is invested toward the heart, refuge sought here, and the results . amazing. Reviews: One of the fundamentals of poetry is the sensitivity of the poet to those things in life which are taken for granted or ignored - either through ignorance or choice. The latter course is adopted by those who do not want to disturb the evenness of their lives by taking on challenges. This refusal to see the bigger picture aids and abets tyranny in one form or another. It is said that if good people remain silent in the face of evil, they become complicit. The poet is not, however, a propagandist or a teacher. She uses words to open windows to both the great beauty and the great ugliness that co-exist in the world. This collection of poems spring from just such an attitude. Ramanjulu is one of those sensitive souls who balks at the mundane and attempts to probe the mysteries of life at all levels. Her collection is therefore a most welcome contribution. An in-depth, soul searching rendition of poetry. Positively upbeat, thought provoking and extremely motivating. I can t put the book down This is me, can I read my favourite poem to you WOW, this is my life in a book Only a brave person can put on paper deep emotion without fear of being...
