FINE WOODWORKING S ARTS AND CRAFTS BOOK RACK PLAN

Taunton Press, United States, 2011. General merchandise. Book Condition: New. 330 x 274 mm. Language: English . Brand New Book. Gregory Paolini modeled this book rack after the Gustav Stickley s No. 74 book rack - with its short design, V-shaped shelves, and D-shaped handholds. But Paolini also made the design his own, replacing wedged tenons with simple through-tenons, adding a shelf, and tapering the end panels for a look reminiscent of the Roycroft designs he loves. Paolini uses a router template to lay out and cut the slots for the shelf mortises and the other cutouts on the end panels. His router technique uses a guide bushing for initial cuts, followed by cleanup with a flush-trimming bit. The tenons are cut on the tablesaw, and the piece is finished with stain and shellac. SKILL LEVEL: Intermediate FINISHED SIZE: 11-1/2 in. deep by 32 in. wide by 29 in. tall PLAN INCLUDES: * -- Complete cutlist -- Extensive full-size and scale drawings.
