Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Excerpt: . . . its most plastic form; three years in which to receive the false ideas that are inseparable from institution life. Experience within the State by private agencies, and outside by public as well as private agencies, has fully demonstrated this fact, that a judicious and systematic effort to place these children in family homes will be crowned. with a good measure of success. There are occasionally cases brorought to the attention of the Humane Society, where the removal of the children temporarily will enable the parents to recover themselves, either by lightening their load of care for a season, or by stimulating them to better efiorts by placing before them the incentive to recover their children. I am a firm advocate of a change in our State laws, to be most carefully guarded however, that would enable or require the offficials of our homes to receive such children on probation, for a period of six to nine months, rarely as long as twelve months; the children to be held for return to the parents when they, the parents, have given evidence of a desire and ability to do well by them; at the end of the probationary period, if no evidence of that kind is forthcoming, the child should be placed in a family home as are other children. I had intended to speak of the neglect of the kindergarten children. That topic in itself is morethan enough to occupy all of my time. Prophecy is...
